

### **Active Roundtable 4/14/12: Facebook Group**

- Useful to communicate events and fellowship, but a lot of notifications.
- Not necessary, since there are 2 groups: Actives and pledges as well as Fellowship.
- Concerns about merging: Mentions of family, shielding from drama, and how Iota Phi works.

#### *Censorship:*

- General consensus that people should be able to post most things as long as they don't pertain to RM.
- Admins who moderate—President, MVP (1), SAA's (1)
- Actives should get to choose what is on the page.

*If advisors don't cooperate, new group without pledges or revoke advisory status.*
