Alpha Phi Omega – Iota Phi: Leadership Friendship Service

“BE A LEADER, BE OF FRIEND, BE OF SERVICE”

SPOTLIGHTS

**Abby
Snitovsky,
Cheng Class**

One of Abby's favorite services is the Spring Fling held at elementary schools in Woodland, where they decorate flowerpots and plant seeds with children. On the other hand, if given the opportunity to create her own service, she would provide underprivileged kids with their dream day; allowing them to do anything and everything they've dreamt of for one special day. Working with children seems to be very close to Abby's heart as well, as she remarks that "The idea of doing service is to make the world a better place and if you do service with kids, they'll see that there are people who help other people, which will encourage them to do the same thing when they get older." She ultimately believes that working with children is the perfect way to keep the cycle of inspiration and service flowing, in turn creating "an ongoing chain that will last forever and ever!"

Meet Zsafia Burdsall! With Liao class just finished up on Sneak, it is time to take a look inside in how the pledge brothers got things done together. Zsafia was one of pledges who helped to coordinate the sneak event. Organizing such events must take a great deal of leadership and teamwork that could be fun, and sometimes stressful. What did she learn about leadership in such circumstances? Zsafia says "I learned that it takes a lot of hard work and dedication. Even though you are on top of it, it still takes a lot of planning and collaboration between us." Zsafia says she enjoyed working with the p-bros and getting the Sneak done. Zsafia says that "Jared and I meshed together and he was very reliable and also a good leader." Zsafia thanks the Liao Class for everyone's hard work and dedication! Good job Liao class!
